

WHY THE NAME CHANGE?

We are still the friendly, neighborhood club you joined but felt we needed a name that better defines who we are as a club. In the past, the clubs have been individually named after the lively communities we have served for high-level tennis player development and fitness. Our efforts to consistently improve our tennis development groups while offering more fitness programs such as our new Pilates Reforming Training and Studio (Libertyville) and Functional Training (Lincolnshire) have led us to this point.

A BRIEF LOOK BACK AT OUR HISTORY

In April of 1986, Steve Wild purchased The Libertyville Tennis Club and his first home computer. He fused his passion for teaching tennis and interest in technology to form his company, Club-net. Club-net acquired tennis clubs nestled in the friendly neighborhoods of Libertyville, Kenosha, Racine and Lincolnshire.

Since then, both the clubs, our offerings and technology have advanced beyond measure and the time for change is now. You will see immediate changes around the club with more coming in the weeks and months ahead.

WHY LIFESPORT?

The name actually came about as a result of discussions surrounding purpose, mission, and vision. The words sport, life, fitness, and tennis kept surfacing, and eventually, LifeSport emerged as not only a name but a brand for all of the clubs, with a promise to enhance people's lives through tennis, fitness and sport. The tagline "Training for Life" includes all ages and levels, as some are interested in adding years to their life, while others seek to add life to their years!

We are all training for life

COMMUNITY-BASED FUNCTIONAL FITNESS TRAINING

Functional fitness exercises train your muscles to work together and prepare them for daily tasks by simulating common movements you might do at home, at work or in sports. While using various muscles in the upper and lower body at the same time, functional fitness exercises also emphasize core stability.

Our mission is to provide you with an efficient, customized program that is based on your fitness goals, needs, and abilities. Our certified personal trainers are committed to offering the highest level of service, individual guidance, and motivation to keep you on track and focused.

Our trainers will help you:

- Address your current health and fitness concerns
- Learn proper technique and form to reduce the risk of injury
- Maximize your workout to fit your schedule
- Improve your fitness level
- Enhance your overall health and wellness
- Get the results you've always wanted

Superior Training Services— raising the bar for fitness training

Getting Started: The initial consultation with a certified personal trainer consists of gathering baseline information about you. This includes your health history questionnaire as well as evaluations of your strength, flexibility, and endurance. These evaluations, combined with your specific goals, will be used to effectively organize your personalized fitness program.

Everyone can benefit from personal training

Adults & Seniors: We can accommodate the needs of individuals ages 18–80 with general weight loss and fitness needs using a combination of exercise equipment. For those age 55 and up, we will assist with general weight loss, fitness needs, and age-related health concerns.

Children & Teens: Our programs are designed especially for kids, to improve their cardiovascular fitness, sport performance, overall strength, and flexibility. The concepts of these programs are based on current research conducted by the American Academy of Pediatrics in childhood and adolescent care.

Athletes: Services are available for athletes of all ages and sports. Our training is specially designed to increase speed, strength, agility and endurance. We have programs for our junior tennis members that take place on-court to improve tennis-specific movements. We work to improve athletic performance for all sports while decreasing the risk of injury by balancing out muscle strength and enhancing core stability.

Partner/Small Group Training: Another great option! It's always great having a friend around! So why not team together with a friend or two to push, challenge, and motivate each other. Your Personal Trainer will be there to guide you all the way.

Pilates

Pilates dramatically transforms the way your body looks, feels, and performs. It builds strength without excess bulk, creating a sleek, toned body with slender thighs and a flat abdomen. It is a safe, sensible exercise system that will help you look and feel your very best. It teaches body awareness, good posture, and easy, graceful movements. Pilates also improves flexibility, agility, and range of motion. It can even help alleviate back pain.

The class is led by a certified Pilates instructor who uses both technique and apparatus to lengthen the body, align the spine, and improve deep core strength.
